

NEWTOWN TOWNSHIP PUBLIC MEETING

JULY 21, 2020 . 5:00 to 8:00 pm.

GREER PARK MASTER PLAN

**This Public Meeting will be presented in an Open House Format at The Ballroom at Ellis Preserve
3821 West Chester Pike, Newtown Square**

Newtown Township is seeking public input to determine what future plans for Greer Park should include. Greer Park features a pond, playground, wetlands, and a stream. The park is a home to several species of fish, amphibians and plants. Learn what makes Greer Park special and make your opinion count.

This public meeting will follow CDC guidelines to keep our public safe. Masks must be worn by all in attendance. Hand sanitizer will be available. Social distancing rules will apply and no more than 6-person groups will be permitted to gather at any one information station. Separate entry and exit points will be maintained.

For those who may feel uncomfortable attending in person, the presentation materials will be available on Newtown Township's Website with an e-mail address to provide comment.

A Public Survey is available on-line at Newtown Township's Website or via the QR Code pictured here.

Paper copies of the survey can be filled out in person at the Township Building. A video tour of the environmental features at Greer Park can also be found on the Township's website.

"Plans to protect air and water, wilderness and wildlife, are in fact plans to protect man" - Stewart Udall
